WHY SHOULD YOU OWN A HYDROHOIST® BOAT LIFT?

SIMPLY PUT, IT'S THE BEST AND MOST ENGINEERED BOAT LIFT IN THE INDUSTRY — WITH THE HIGHEST RESALE VALUE

LOW MAINTENANCE

- Keeps hull clean
- Prevents marine growth from accumulating
- Boat hull can easily be cleaned when on lift
- Keeps your boat looking new for years to come

PROTECT YOUR INVESTMENT

- Prevents boat from hitting dock during heavy wake or inclement weather
- Controls water osmosis in hull of boat
- Protects boat and outdrives from electrolysis

READY TO GO

- Immediate access to the water
- Far superior to trailering or dry stack storage

HydroLocker® Innovative Dock Storage

HydroLocker® is the most attractive dock locker on the market! Vandal-resistant hinges with internal fittings for added security to store your valuables. Constructed with UV-stabilized polyethylene making it corrosion and impact resistant. It provides a generous 11.5 cubic feet of clean dry storage and can double as a mounting stand for the EnergyMate®.

MARKET ORIGINATOR. INDUSTRY INNOVATOR.

Proven Capabilities. Maximum Capacity.

- Centrally located to maximize your shipping effectiveness
- ISO 9001 certified
- Advanced fusing technology with McElroy Fusion
- Ferry Modified 6000: The largest bi-axial rotomold machine
- State-of-the-art PLC leak detection system

BOAT LIFTS

HYPOWER

ROTOMOLD USA

918.341.6811 | boatlift.com | hydrohoist.com

We didn't set out to become the world's premier boat lift manufacturer.

We were simply looking for a practical solution for keeping boats clean and dry when not in use — without having to transport them inland — a solution that would enable anyone to launch or dry-dock the boat with minimal effort.

HydroHoist® boat lifts have evolved from a simple idea into a sophisticated, yet user-friendly, method of total boat care that is embraced worldwide. Using state of the art designing software and 3D modeling, each lift is professionally engineered and designed for its application.

HyPower™ provides a line of easy-to-maintain power pedestals suited for marina and RV applications with the patented PowerSnap® panels and weather bases paired with the EnergyMate® and PowerPort® pedestals.

RotoMoldUSA, centrally located in Oklahoma, provides superior rotomolding services — including the industry-known blue tanks for HydroHoist boat lifts, and additionally provides services to several Fortune 100 companies ranging from pharmaceutical to agriculture to transportation. Featuring equipment including McElroy® Fusion and Ferry® 280, RotoMoldUSA's design and engineering maximizes the benefits of rotational molding.

UltraLift™ 4,400-32,000 Series Boat Lifts

STANDARD FEATURES

- Precision-designed, custom-molded, high-impact polyethylene tanks
- All cast parts are (HSLA) High-Strength Low Alloy steel making them 40 percent stronger than fabricated steel
- Heavy-duty construction with hot-dipped, zinc-galvanized structural steel frame/fasteners
- Grade-8 pivot hardware with two-piece stainless/polyethylene pitman bushings
- Heavy-duty 0.25" (0.0635 cm) thick torsion bars
- 5" (12.7cm) high-density polyethylene square-hole bushings
- Heavy-duty structural-grade dock brackets with molded bumper guards (HydroGuard™)
- All steel parts are above the water*

RECOMMENDED FOR

- Boat up to 32,000 lbs/14,500 kg and up to 50'/15.25m overall length
- V-hull, Pontoon, Tritoon or Sailboat
- Inboard or stern drive
- Drive-in or back-in installations
- Floating docks with U-shaped slips

UltraLift™
SERIES

UltraLift™ Series
4,400-8,800

UltraLift™ Series
10,000-32,000

High impact polyethylene tanks

All steel parts are above the water*

Lifts boats up to 32,000 lbs. (14,500 kg) and 50 ft. (15.25m) overall length

*Exceptions may be necessary for proper installation.

HarborHoist™ Boat Lift

The **HarborHoist™** has a level-lifting frame constructed of high-strength grade aluminum. It is the most versatile boat lift in the HydroHoist family — perfect for fresh and salt water.

STANDARD FEATURES

- Most versatile, free-floating lift
- Rugged, marine-grade polyethylene tanks
- Continuous walkways full length of the lift for safety and easy access
- Aluminum structure to extend the life of the product
- Push button controls integrated with lift
- Quick lift and launch operation
- Simple assembly and installation

RECOMMENDED FOR

- Boats from 4,400 lbs/1,995 kg to 18,000 lbs/8,164 kg
- Inboard, Wake, Pontoon, Tritoon boats
- Outboard/stern drive boats
- Fixed or floating U-shaped single- or double-wide slips, L-shaped and square docks
- All water types (fresh, brackish and salt)

Simply tied to the dock Optional ring mooring kit

HarborHoist™

HydroPort™ Series PWC Docking Platform

STANDARD FEATURES

- PWC is fully roller supported
- Easiest load and launch of any PWC docking platform
- Ultra-tough polyethylene construction with Expanded Polystyrene (EPS) Marine Foam — Increased strength and leak elimination
- Flat anti-skid walking surfaces
- CNC molds for exact form, function, and fit
- Exclusive "Air-Pillow" bow stop
- Fourteen easily adjustable 5" x 2" rollers to accommodate all models of watercraft
- Stainless steel roller axles for increased strength and compatibility with fresh, brackish, and salt water

RECOMMENDED FOR

- One-, two- and three-place PWCs
- Load capacity up to 1625 lbs./738 kg
- 12' 6" (3.81 m) length; 4' 10" (1.47 m) width; 15" (38.1 cm) depth
- Floating or fixed docks
- Front- or side-mount mooring hardware

Universal mount for floating or fixed docks

Rigid Mount Hardware for Floating docks

ALSO AVAILABLE

Exclusive bow stop to slow your craft's forward motion and provide a soft rest for the keel

In-line rollers make launching your craft easy

Multi-link and side mount capabilities

Marine Accessories

The **Bow Guide** aligns the boat in the slip while offering protection to the keel. The **Corner Bumpers** offer peace of mind when pulling in to your slip, protecting the boat from contact with the dock. Superior design both in functionality and aesthetics — the Corner Bumper has multiple attachment points and will fit on docks with both internal and external roof posts.

BOW GUIDE

CORNER BUMPER

HYDROFENDER™

ULTRAFENDER™

Providing additional protection is the **HydroFender™** — a high quality dock edge bumper designed to take the place of traditional rub rail. The **UltraFender™** is perfect for transient gas and premium docks.
