

PowerSnap®

BE READY FOR FUTURE NEEDS IN A SNAP

Upgrade the power for your customer or take care of a service issue in a matter of minutes without an electrician. PowerSnap® panels make this a reality with breakers and receptacles in one easy to use interchangeable unit.

- Saves time and money
- Raises service levels
- Easier and safer repairs

PROTECT YOUR INVESTMENT WITH THE "HURRICANE" WEATHER BASE*

- Lift the Power Head off in minutes
- Remove to safe storage location
- Be the first back in business

* "Hurricane" Weather Base is optional

RV Parks, Marinas and Home

EnergyMate®

PATENTED TECHNOLOGY

PowerPort®

TotalPower

FirePedestal and Cabinet

BE PREPARED FOR EMERGENCIES

- Available on a stand or mounted to a roof support
- NOTE: Life ring and 10# fire extinguisher not included

LightCenter

LIGHTING WHERE YOU NEED IT

- Efficient, cost-saving LED lighting saves you money

HydroLocker

SIMPLY THE BEST LOOKING, STRONGEST DOCK LOCKER AVAILABLE

- Durable, maintenance-free, roto-molded dock locker
- Create a space-saving utility center when combined with an EnergyMate®

EnergyMate®

BIG IN FEATURES...SMALL IN SIZE

- A compact and affordable energy solution for marinas, RV campgrounds and home. Ideal for any location, EnergyMate delivers over 120 amperes capacity. And like its big brother the PowerPort®, EnergyMate features PowerSnap technology.
- Mounting options for every need – stands, pole, post brackets and our HydroLocker
- Clean design with rounded corners for enhanced safety
- 20 to 50 ampere receptacles on PowerSnap panels that can interchange with the PowerPort

PowerPort®

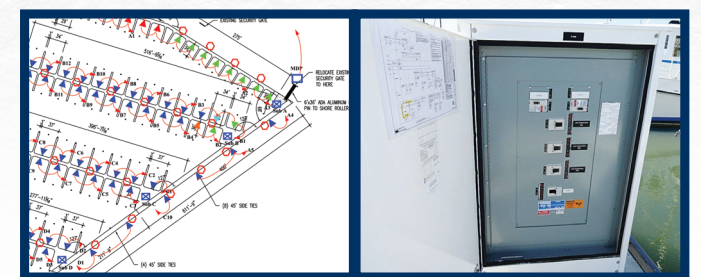

FLEXIBLE POWER FOR ONE OR TWO SLIPS

- PowerPort offers unrivaled versatility in a marina or RV power pedestal. Stay ahead of your ever-changing needs with the PowerPort's four-sided modular design featuring PowerSnap panels and a 400 ampere capacity.
- Flexible power solutions for one or two slips with 20 to 100 ampere receptacles
- Easy installation with removable power head and a 350 MCM terminal block and secure 360° internal mounting system
- Customizable for Utility metering, water, CATV, internet and more
- Protect your investment from hurricanes, flooding and winterization with our optional PowerSnap Weather Base

TotalPower Solutions

YOUR ONE STOP SOURCE

- Everything to make your next new build, renovation or expansion fast and easy.
 - Substations, Panels and Transformers
 - Wire and Cable
 - Electrical Design
 - Power Pedestals and more
